RE: Notice of Intent, Lodestar Energy, Inc., Horizon Mine, ACT/007/020-DO99B, Outgoing File

Dear Mr. Bradford:

DOGM issued a Division Order to Horizon Mine to correct several items in the mining and reclamation plan, the last item being the Air Quality Order. (It is DOGM's understanding that the mine currently exceeds the amount of coal that is permitted by DEQ, Division of Air Quality and therefore, needs to submit a new Notice of Intent.) On February 3, 2000, I received a letter from the representative of the Horizon Mine that they have filed a Notice of Intent with DEQ, Division of Air Quality (attached.)

Please send us a copy of the updated air quality order when it is issued by the Division of Air Quality. If you have any questions, please call me at 801-538-5268.

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor

Subject: NOI for the Horizon Coal Mine in Carbon County, Utah

Dear Mrs. Trueman

EarthFax Engineering, Inc. is pleased to submit this NOI in behalf of Lodestar Energy, Inc. for the Horizon Coal Mine in Carbon County, Utah. This NOI has been prepared in accordance with the guidance document, "Preparing A Notice of Intent [NOI] The NOI Guide", prepared by the Utah Division of Air Quality. Also, to aid in the review process, the electronic files for the calculations, text, tables and figures have been placed on the disk included in the NOI.

This NOI should be complete. The prompt review of this application would be greatly appreciated. Any questions or concerns may be directed to myself at 561-1555. I will endeavor to respond to any questions promptly.

Sincerely,

Layne D. Jensen, P.E.
Environmental Engineer
